Common Core Strategies: Connecting Mathematics and the Arts.

January 24, 2015, 9:30-3:00

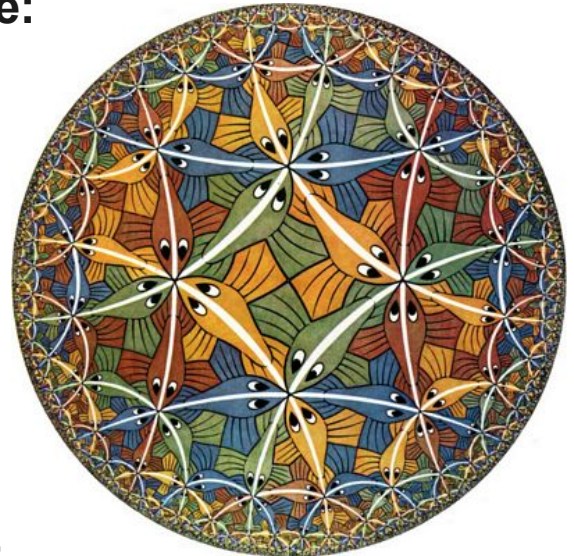

Westlake School, Santa Cruz CA

2015 Winter Conference for K-12 Teachers

Join us to explore how we can integrate math with the arts to engage students and create using mathematics. Student work will be displayed.

K -12 Breakout sessions will include:

- Patterns
- Dance and movement
- Literature
- Graphic art
- Visual art
- Mathematical tiling
- Math walks

1-unit of PD credit will be available from the UOP,
\$60.00/unit

E-mail MBAMP Project Director Judith Montgomery
judithm@ucsc.edu with questions.

Cost \$35.00 / teacher

To Register: Use the link on our website <http://mbamp.ucsc.edu>

Special Thanks to Westlake Elementary School and MBAMP's Math-Art Leadership Team for putting on the event.
