

UCSC Monterey Bay Science & Math Projects
in partnership with SCCOE

PRESENT THE *2018 Winter STEM Conference*

March 3, 2018, 8:30 am to 3 pm

Conference Fee \$45 or Early Bird Rate \$35 (before Feb 20) Students \$25

UC Santa Cruz, 1st Floor of the McHenry Library,

1-unit of PD credit will be available from UOP for \$60.00/unit

Science, Technology, Engineering and Math

K-12 Professional Development

Something for Everyone!!

- **Understand** Next Generation Science Standards and the new approach for teaching science using three dimensions.
- **Experience** mathematics, science and engineering practices through K-12 lessons.
- **Discuss** literacy strategies for integrating the new CCSS Literacy skills in science.
- **Discover** tools and resources to integrate technology and introduce coding skills.
- **Explore Mathematics** using math games and inquiry-based tasks, for creating a mathematical space for students to use their natural intuition of mathematics in order to engage in discussions leading to increased mathematical understanding and success.
